More Power, Better Reliability

Common Applications

Track-to-Steel

Track-to-Concrete

Deep Leg Track

Advantages

• Higher stick rate than industry standard

• Lower pushdown force and shorter travel distance decrease user fatigue

• 30% more power to work in the toughest concrete

• Reduced jamming, resulting in less downtime on the job

• Drives pins flush to create full embedment

• Superb balance leads to optimal user experience

Product Specifications:

- Part number: T4MAG
- Weight: 8.55 pounds
- Battery capacity: 10,000 shots
- Magazine capacity: 45 pins
- Maximum pin length: 1"
- Operating temperatures: -15°C - 48°C

T4MAG Tool Kit:

- T4MAG tool
- Safety glasses
- User guide and safety manual
- Two lithium-ion batteries
- One battery charger
- Magnetic pin guide for lathing disks sold separately
